HESS MURDERED!

There now seems little doubt that an attempt to murder former Reichminister Rudolf Hess was made in the grounds of Spandau Prison, Berlin, on the 17th of August 1987. The first attempt was initially bungled, but successfully completed in the ambulance taking Hess to holpital, at approximately 4.00 p.m.

The official version of the murder, is that while Hess's armed American escort went to answer a phone call, 93 year old Hess hanged himself with a piece of electrical wire, in a shed in the gardens of the prison.

Witnesses reported that Hess was still alive when put into the ambulance but was reported dead on arrival at the British Military Hospital.

Following the post mortem by a British Army Pathologist, and an "investigation" by the British Military Police, a verdict of "Suicide" was announced. It is interesting to see that the Russian authorities have shown their disbelief in the verdict by refusing to countersign the joint statement issued by three of the four allied powers that were in charge of Spandau, and its last remaining prisoner.

The post mortem took place on the 19th of August, two days after Hess's murder and yet mysteriously a suicide note was suddenly "discovered" in the corpse's coat pocket for the "first time". The mystery was that the British Military Police were already conducting an investigation into the death, and unbelievably hadn't yet searched the body, normal procedure carried out immediately after any death.

The results of the post mortem showed that a large circular bruise was discovered on the crown of the corpse's head, but no effort was made to explain this. The cause of death was determined as Asphyxia, compression of the neck and suspension, --- in other words ---- Death by Hanging.

On the 21st of August, a private autopsy was ordered by Hess's son, Wolf Rudiger Hess, and was conducted by four of West Germany's leading pathologists and performed in the presence of the Chief of the Munich police.

The new autopsy established that Hess suffered from a disabled shoulder, which would prevent him from raising his arm above his head, also the muscles of his hands were very weak - so weak that he would have trouble gripping anything, making it impossible to tie a knot of any kind, therefore it was physically impossible for Hess to HANG HIMSELF!.. Also, the marks on the throat indicated that most pressure was on the Adams Apple area, and in fact, death had probably been cuased by throttling, or strangulation - not by Hanging!. Further examination of the corpse's hands indicated that he had not tried to strangle himself with the wire flex. Suicide wasn't the answer, nor was it an accident, it could only be MURDER!.

Sources in Germany reveal that for two days prior to Hess's death, two strangers had been staying at the prison, the same two men were spotted in the area of the garden shed during the afternoon of the murder, furthermore, these same two were seen getting into the ambulance with Hess, and it must be remembered that witnesses have already said that Hess was still alive when he was put into the ambulance. WHO WERE THEY?.

Editorial

The result of Ernst Zundel's trial, was a foregone conclusion the moment the judge gave "Judicial Notice" that the alleged holocaust was "fact".

Zundel had said all along, that it was the holocaust myth that was on trial, not himself.

The evidence that followed, given under oath, by the defence witnesses, cast a "Reasonable Doubt" on the existence of a "holocaust" ever taking place.

The evidence is there for all to see, for all to judge themselves,

I say...NOT GUILTY....

Under the "Home News" section of this newsletter, you will see a report of a meeting, between, a delegation from the Jewish Board of Deputies, and the chairman of the Commision for Racial Equality. At this meeting the Deputies called for a new law on "Group Libel" This law would protect groups such as Zionists, or even the Board themselves, from ever being criticized in print, by Nationalist newsletters and magazines. BUT, I wonder if they stopped to think that this proposed law would be a two edged weapon ?, For no longer could the zionist press label our Patriotic, Nationalist Groups and Parties as "Neo-Nazi"...

Finally, let me welcome you to the first issue of "League Sentinel". For many of you, this will be the first time that you have had any contact with The League of ST George, and therefore, a brief introduction may be of help...

The League of St George is run as a political club, it is non party, and non sectarian. The League seeks to promote the concept of Folk Nationalism, a Nationalism of People, not geographical borders, Our Race is Our Nationality.

The League supports all European, and other, Parties, Movements and Groups, whose philosophy can be identified with that of The League. We will give support and encouragement to any Party, Movement or Group who subscibe to the principle that a nation's greatest asset is its People. We also believe that it is necessary to maintain and expand, the concept of White Unity.

Membership of The League is by invitation only. Membership is not only a privilege, it is a responsibility.
As a first step to full membership, there is the Friends of The League, and , after a satisfactory period of membership of the Friends, one may then be invited to apply for full membership.

HESS MURDERED!

The cover-up continues, the U.S. guard on duty that fateful day, (Bravo Company 5th Battalion 502 Regiment) have now been transferred out of Germany, Spandau has been demolished, and the Hess case officially closed.

The question remains, WHY was it necessary to murder Hess? WHY did it have to be done at such short notice?

Strangely, the answer lies with the Russians, for it has been revealed that they had intended to RELEASE HESS IN THE NEAR FUTURE. This change of attitude was revealed to a German citizen in a letter from Moscow Radio. The German authorities passed this information to both the British and the Americans, who then made strong representations to Moscow. When these protests failed, the plot was then hatched to MURDER HESS.

The decision was taken, for fear that once free, Hess would reveal to the world details of his mission of peace aimed at stopping the war in 1941 and more damaging to the "Allies", the revelation that he warned the "Allies" of the plan to attack Russia, a plan that they failed to pass on to their "comrades in arms", which lead to tens of thousands of Russian casualties.

At present we can only speculate on the identity of the Murderers, it is most likely to be members of the CIA, MI5, MI6 or the SAS, only time will tell, but whoever the actual killers were, THEIR MASTERS ARE EQUALLY GUILTY.

Holocaust Trial

ZUNDEL FOUND GUILTY

The German born Canadian Revisionist ERNST ZUNDEL has been found guilty by a Toronto jury, of "knowingly disseminating false news likely to create social conflict and Racial Intolerance". He was sentenced to 9 months imprisonment.

The charges arose because of Zundell's distribution of the booklet "Did Six Million Really Die?", by the Historical Revisionist, Richard Harwood.

This was the second time that Zundel had been tried and convicted of the same charge, but after the first trial, the Ontario Appeal Court quashed the conviction and ordered a re-trial, because of certain irregularities in the Judge's summing up.

The re-trial began in February, and it was a bad omen when the Judge took "Judicial Notice" of the holocaust, and declared "it is beyond dispute among reasonable people that there **WAS** mass murder of jews in the Second World War". This statement may give Zundel grounds to appeal yet again.

Ernst Zundel has constantly denied the charge of **"KNOWINGLY SPREADING FALSE NEWS"** on the grounds that he believed the evidence in the booklet to be **TRUE.**

From the outset of the trial, Zundel has maintained that it was the alleged "holocaust" that was on trial, not Ernst Zundel. His brilliant lawyer, Doug Christie, called a total of 24 witnesses for the defence, and the testimony given by some of them had the zionist media raging, witnesses such as...

Dr. Russell Barton, who was one of the first British medical personnel to enter the Bergen-Belsen "death" camp. His given opinion was, that he was sure that what he saw was a tragedy caused by war, and not a deliberate extermination policy, of jews, or anybody else.

Next to testify, was Auschwitz "survivor" Maria Vanherwaardon. She told the jury that she was an inmate of the camp from December 1942 until January 1945 and **NEVER** saw any evidence of mass killings, belching smoke, or the "horrible smell of burning flesh" which other holocaust survivors claimed was common.

Emil Lachout, a former member of the Allied War Crimes Investigation Commission for Austria, stated under oath that he had not found any execution gas chambers to kill people in any of the following camps. Bergen-Belsen, Flossenburg, Ravensbruck, Buchenwald, Gross-Rosen, Sachsenhausen, Dachau, Mauthausen, Theresienstadt.

Technical witnesses, such as Ivan Legrace, were called, and their testimonies proved even more revealing... Mr. Legrace, who is a Canadian crematorium operator, told the court that even with the most modern equipment now in use it still took an average of one and a half hours to cremate a human corpse, and that the holocaust claim that the 46 ovens in Birkenau camp cremated 4,400 bodies a day was **IMPOSSIBLE!**

The next technical witness was Warden Bill Armontrout, the prison officer responsible for the gas chamber at Missouri State Penitentiary in the United States. The Warden showed the court slides and photographs of modern gas chambers and the extreme precautions that had to be taken to prevent witnesses and guards being overcome by gas. He also made it clear that gassing somebody was not an easy job... He was asked in his opinion who was the most expert person to ask about gas chambers, he named Fred Leucher Engineering of Boston U.S.A., who repaired and designed the Missouri chamber.

The Ernst Zundel defence team made contact with Fred Leucher Engineering Company and commissioned them to assemble a team of experts and fly the Poland to inspect and examine the alleged gas chambers at Auschwitz, Birkenau and Majdanek camps. They were told to film and measure the chambers and to take rock and concrete samples from the walls, ceilings and drains. These samples were to be sent to an independent laboratory for testing and under no circumstances must the origin of the samples be exposed.

The cost of this exercise was almost £25,000...

The evidence that Fred Leucher gave to the Toronto Jury was the most damaging evidence ever given about the holocaust myth for he stated that in his expert opinion, **NOT ONE SINGLE** installation that he had inspected in the three camps that he had visited **WOULD HAVE BEEN CAPABLE OF KILLING MASSIVE NUMBERS OF HUMANS,** either in World War Two or **NOW!...** The gas chamber myth had been exposed scientifically as just a **MYTH...**

Ernst Zundel had also spent a further £2,000 to fly from the United States to Canada the expert who did the analysis on the rock and concrete samples taken from the "gas chambers".

Dr. James Roth, Phd. in analytical chemistry, told the court that he found **NO SIGNIFICANT TRACES OF CYANIDE** in the **ROCK OR CONCRETE SAMPLES** taken from the so-called "gas chambers".... The holocaust **HOAX** was **EXPOSED**..... The "History" books were wrong...

The last defence witness was Mr. David Irving, the British Historian, and the author of several books about the war. Mr. Irving told the court that since reading the Leucher report his opinion on the holocaust had been changed from a believer to a disbeliever. He concluded by saying that even historians are human, and subject to being deceived by propaganda...

That was the end of the second holocaust trial and the second Zundel trial as well, the jury retired, returned, and gave the verdict on Ernst Zundel as.... **GUILTY!**

Ernst Zundel will no doubt appeal, but he desperately needs the HELP OF ALL PATRIOTS... He has spent all of his assets, and is now thousands and thousands of dollars in debt... His total legal bills exceed £250,000. He now needs money from his **FRIENDS ... FROM YOU...** He has won a famous battle for all of us, he has fought the might of organised zionism, and exposed their sacred holocaust as a **HOAX**...He gave for you, don't forsake him now! Send whatever you can afford to...

VIEWPOINT

I was honoured to be invited to a social evening organised by the Friends of Oswald Mosley, in East London recently. It was so nice in these days of division amongst the Nationalist community, to be able to sit and discuss policy differences with members of the National Front, British National Party, N.F. Support Group, ex-members of the National Action Party and even an old comrade from the British Movement. The atmosphere was friendly and it was great to see old Blackshirts passing on words of wisdom to their younger counterparts.

The Friends of O.M. started out as an old Comrade's association, but now actively campaign to keep the policies, the words and the very unique spirit of Sir Oswald alive.

May 1st has become "British Union Day", and November 16th, "Oswald Mosley Day". On these days and others, they hold commemorative dinners and other social events are held throughout the country at other times in the year.

The organisation's monthly newsletter "Comrade", has done a sterling job in keeping old members in touch with each other and also setting the record straight on many issues such as the British concentration camps set up to hold British Patriots undwer the infamous 18b regulation.

I hope the organisation goes from strength to strength, as in their own words..."The Spirit Lives - The Rest Will Follow"....

It really came as no surprise, when 68 year old John Demjanjuk was found guilty of "Crimes against the Jewish People" and "Crimes against PERSECUTED PEOPLE", in a court in JERUSALEM.

Nor were we really surprised when he was sentenced to Death.

Israel seems to keep a policy of only executing non-Jews, in fact, the only other person ever to be hanged in the modern state of Israel, was former SS Officer, Adolf Eichmann, in 1962.

Mr. Demjanjuk consistently denied that he was ever an SS guard at the Treblinka Labour Camp. In fact, the former US car worker, claimed that he had been a German prisoner of war during this period, and when released, he emigrated to America rather than return to Communist Russia.

It may be relevant, that much of the "evidence" against Demjanjuk was supplied by the Russians, via the KGB. Not only are the KGB excellent forgers of "evidence", but they hold an intense hatred against Ukrainians, particularly those who leave to go to America.

Mr. Demjanjuk has consistently denied that he is the man accused of the murder of 870,000 people and has claimed a case of mistaken identity.

Several former inmates of the camp gave evidence that they could "positively" identify the man they had not seen for nearly fifty years!...

On Saturday June 11th at Wembley Stadium, London, we saw probably the largest propaganda exercise ever held by a terrorist organisation, The Free Nelson Mandela Concert".

A galaxy of pop stars turned out to play in front of 70,000 fans, there was massive television coverage of the event and the immense profits made were divided between "The Anti Apartheid Movement" and "Black South African Charities"?

As calls were being made from the stage for Mandela's freedom, we wonder just how many of those young people listening to the concert realise the truth about Nelson Mandela?

Mandela was the leader of a terrorist organisation, the African National Congress, and that organisation had a small headquarters in Rivonia, near Johannesburg. In 1964, the police raided the building and found documents linking Mandela and his ANC to a plot to first bring down the elected government by violent means and then appeal to the Soviet Union for military assistance. Also found were shopping lists for weapons and bomb-making equipment.

Mandela was arrested, tried and found guilty of "planning acts of sabotage and the violent overthrow of the State". He was jailed for life. The ANC were outlawed.

Still, the ANC continue their campaign of terror, still financed by the Communists they launch bomb attacks against white women and children and even terrorise their own people in the black townships, beating opponents to death, or burning to death with petrol filled car tyres which are hung around opponents necks and known as "necklaces".

Some years ago the South Africans offered Mandela his freedom in return for a promise to denounce the use of violence. Mandela refused. His wife, Winnie Mandela, leads the campaign for his release. Her views are already well-known, "Together, hand in hand, with our boxes of matches and our necklaces, we shall liberate this country".

The Black Muslims are led by LOUIS FARRAKHAN, who has described himself as a "Black Racist", and an admirer of Adolf Hitler. A delegation from the Jewish Board of Deputies met with the new chairman of the Commission for Racial Equality recently to complain about the refusal of the Director of Public Prosecutions office to prosecute the authors of "Holocaust News". Also at the meeting the Board of Deputies called for a new law on Group Libel.
The Labour party leader, Neil Kinnock, met with the Executive of the Zionist, Poale - Zion organisation. He gave a report of his recent visit to Israel. Kinnock also told the Zionists, that both he, and the Labour Party had a warm attachment to the State of Israel.

This seems to differ from the point of view of the Labour MP for Barnsley, who was on the same visit as Kinnock, for Eric Illsley has been quoted as saying, "I saw evidence of the extreme violence used by the Israeli's to suppress the uprising".

PALESTINE REPORT
by
Abdullah Ferodussi

The bandit state of Israel celebrated its 40th birthday on the 21st of May 1988, but for the Palestinians, there was no celebrating, for we remember that just one month before the official establishment of Israel, Zionist murder gangs had slaughtered 254 women and children, at DEIR YASSIN. The former Israeli premier, Menachem Begin and the present premiur, Yitzak Shamir, were both members of similar terrorist gangs.

Now, 40 years later, a further 220 of our people have been murdered by Zionist gangsters in the occupied territories.

Yes! in 1988, Zionist terror gangs are still at work, only this time, they have uniforms.

At the Almari camp, Ramallah, a 14 year old girl, saw a young Palestinian child being beaten by soldiers, she screamed at them to stop, and a soldier fired a tear gas gun at her from close range. The gas canister struck her in the eye, causing permanent blindness.

Also in Ramallah, a 60 year old woman, and her niece, were attacked by soldiers who smashed down their front door and beat the women on their hands, head and breasts.

In the village of Tubas, a curfew of 15 days was imposed. During the curfew, groups of young men were taken from their homes and beaten. Two women who tried to interevene, were shot in the stomach, and are at present in the Ittihad Hospital.

Tear gas is regularly fired at groups of women protestors, despite it being well known that it causes miscarriages in pregnant women. In fact, an American delegation of Doctors who visited Shifa Hospital in Gaza, discovered that of the 40 Foetal deaths that have occurred in the hospital recently, every one had happened within three days of the mother being a VICTIM OF ZIONIST GAS ATTACKS1.

In Zaytoun, Gaza, Mrs. Suad Ahman Youssef, a 90 year old grandmother has died in Al-Ahli hospital from head wounds after being beaten by soldiers.

These are just a few of the horrors inflicted on an unarmed civilian population by the Zionist Terrorists that occupy my country.
I will send you further regular reports, if you wish. It is important that Europeans are told of this Zionist evil.

FOLKWAYS OF EUROPE.

SPRING

Spring was the season of Fertility, an important time for our Nordic Forefathers. Fertility of seed and fertility of sperm, as if the crops failed, the flocks and herds didn't multiply, if strong healthy children wern't produced, then the tribe would perish.

The festival of the Spring Goddess OESTRA, was one of the most Holy Festivals of the Germanic tribes of Northern Europe.So deeply was it ingrained in the way of life of the people, that rather than try to stop it, the christian missionaries instead hi-jacked it, and turned it into their own Easter Festival. The eggs that are now associated with Easter, are of course an ancient symbol of fertility.

The Goddess OESTRA ruled the spring season, for after the death of Winter, the resurrection of Nature began, and OESTRA brought the mild rains and warming Sun, so vital for growth.

To honour the Goddess, the tribe rose early to greet the Sun, as it appeared over the horizon, the giver of warmth and light. Houses were decorated with greenery, and the women and girls of the tribe wore wreaths of spring flowers and leaves. Bonfires were lit as symbols of the light and warmth of the Sun, the biggest and most important , being on the eve of May Day (Walpurgisnacht) to drive off evil spirits before the Fertility Rites began.

Although most of the old festivals have been distorted by the christian church, some origional features still remain,the young maidens dancing around the Maypole (A Phallic Symbol) is still carried on in many parts of Europe. In Derbyshire, water wells are still decorated with flowers and greenery during May, as a way of honouring the spirits of the water, but sadly, most have disappeared.

The Fair Goddess OESTRA, the resurrection of Nature, her blessing, the warming rays of the Sun, the bright colours of the green grass and fresh leaf growth, the fertility of field and farm should not be forgotten, she should be Honoured and Thanked for her gifts to us, for without them, as our wise forefathers realised, life on this planet would not exist...

Secrets of the Rhodesian bush war are revealed in "The Elite". How the Rhodesian S.A.S. dealt with terrorists deep in the African bush.

It is a story of high adventure and sacrifice, and traces a battle that was eventually fought on three fronts, Botswana, Zambia and Mozambique, by a handfull of brave men. Many books have been written on this subject, but this breaks new ground, and offers very rewarding reading to anyone with an interest of both military matters, and Africa of the 1960's and 70's.

This is the book the main establishment publishers would not touch. It was too revealing and hard hitting. A story of cynicism, brutality, deceit and callousness. The True story of the man who destroyed two Empires, one of them the enemy's.

Churchill had absolute control of all of Britain's intelligence and code-breaking organisations, which informed him that Hitler NEVER intended to invade Britain, or bomb London, but still he kept us at war with our European Brothers. Read WHY in this excellent book.....
